DESCRIPTION

Length is flexible, 55%canine/25% feline/20% exotics (probably 10% herps overall and increasing). Student duties are flexible, I am on call for emergencies but don't see many and don't expect the student to be there unless they want to. We are a 1 doctor private practice. We have laser surgery, endoscopy, ultrasound, bone plates, etc. as well as access to large breeding colonies of racing pigeons and bearded dragons.
