

Exotic Pet Health Care Supervisor. This position is an essential support position for the clinical veterinarian. The successful candidate will ensure the well-being of patients throughout the hospital by developing and instituting standards of veterinary care for exotic pet patients, carrying out those standards, training other employees in the appropriate husbandry and veterinary care described by these standards, and developing educational materials for staff and clients to improve their ability to care for exotic pets. The successful candidate will have either a degree in veterinary medicine and at least 4 years experience in a veterinary hospital with a strong exotic pet caseload or be a graduate of an AVMA-accredited veterinary technician school with the ability to become immediately licensed in Arizona and at least 8 years experience in a veterinary hospital with a strong exotic pet caseload. Hourly wage starting at \$14/hr depending on experience and abilities. Position includes health insurance, paid time off, CE budget, and other benefits. Please send letter of intent and resume to Kevin Wright DVM, kwright@azeah.com Arizona Exotic Animal Hospital, 744 N Center Street, Mesa AZ 85201. Please make first contact by email rather than calling.
